"The dedicated mentor and added support services available in the Fast Path program helped me make a smooth transition from high school to college. This program taught me the skills needed to be a successful student in class and online when I transferred to my university."

**Daniel Devine - '20**  
Illinois State University Senior

"The Fast Path program helped me ease into college. The classes in the program are well thought out and are always super fun. My mentor is helpful and provides support throughout the program. It was a great choice for me."

**Olivia Henning -Current Fast Path Student**
